 HOLIDAY ENTERTAINMENT

The San Lameer Estate is South Africa's own tropical paradise based on the KwaZulu-Natal South Coast. San Lameer was the very first golfing estate developed in South Africa.

It is a 200 hectare nature conservancy, landscaped with 620 privately owned luxury villas surrounding the challenging 18 hole Championship golf course, a world class hotel and a 5 star spa. The climate of San Lameer is pleasantly sub-tropical, with cool breezes from the Indian Ocean. It is a dream holiday location for golfers, beach lovers and families and offers superb investment opportunities.
