DON'T MONKEY AROUND BY FEEDING THE VERVETS!

They go ape
You go home
And we're left with the
monkey trouble!

Feeding them might seem fun, but monkeys that lose their natural fear of humans become so aggressive and dangerous that they have to be destroyed.

HOW CAN YOU HELP?

- Keep your vehicle and accommodation closed.
 - Keep food out of sight.
 - Do not feed the vervet monkeys.

If monkeys become a problem, please notify the Security Manager as soon as possible. Cell: 082 431 7444
